

SWIFT Service Bureau by Diamis/AEMS

Diamis, an Atos Euronext Market Solutions' subsidiary (AEMS) collaborates with Banks and Partners to provide Corporates and Banking Institutions with a SWIFTNet messaging infrastructure. Take the opportunity to decrease your operational cost and reduce time to market by using shared platforms and resources.

› FAST TRACK SWIFTNET SERVICES

Diamis/AEMS SWIFT Service Bureau provides a cost-effective alternative to an in-house solution for SWIFT messaging management and payments. For a one-off fee, monthly service charge and

transaction fee, clients can have a functionally rich solution, professionally hosted in highly protected data centres.

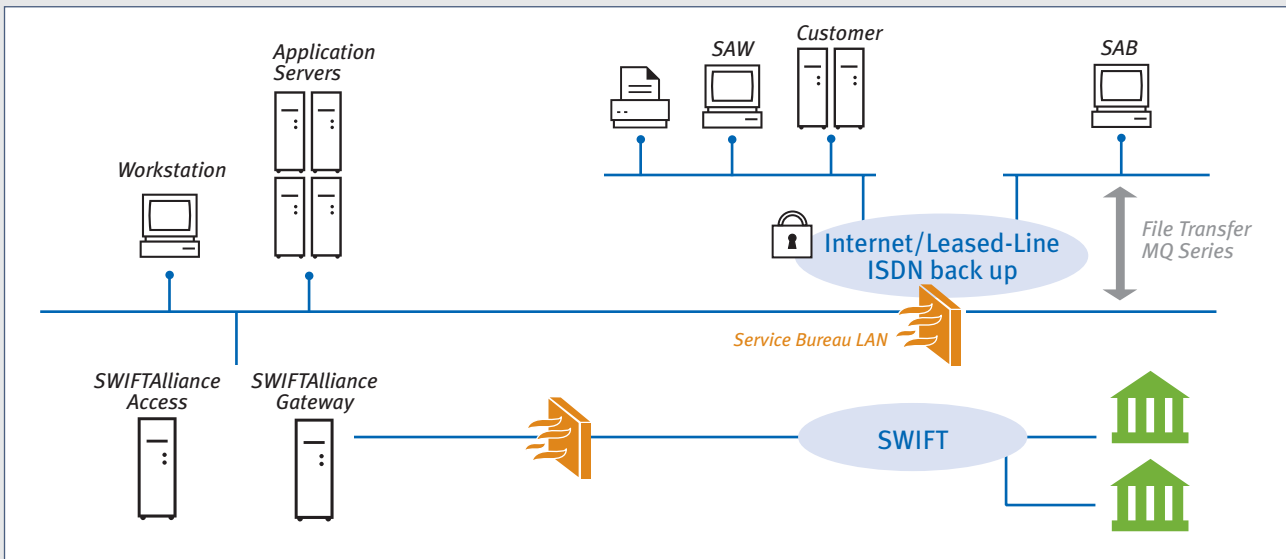

Created in 1997, Diamis/AEMS SWIFT Service Bureau is made up with best practice concepts accompanied with full resilience capacity and is supervised and managed by more than 30 people. Over 20 customers daily use our services to connect SWIFTNet.

SSB offers a high degree of quality services, far beyond the obligations of the Swift Service Bureau Governance Model.

Our strategic position as a leading Market Infrastructure provider and a major operator of technology services to capital markets globally (C.R.I., Euronext) demonstrates our expertise and ability to run mission-critical platforms and convey secure data within the SWIFT network.

► A TACTICAL OUTSOURCING MODEL TO EASE SWIFT ACCESS BY LEVERAGING SHARED INFRASTRUCTURES
